👤 Profile

Aspiring AI and ML Engineer, currently pursuing B.E at BMS College of Engineering, passionate about leveraging AI for innovative solutions and societal advancement. I'm committed to honing my skills and knowledge in this dynamic field. With a curious mind and a collaborative spirit, I aim to leverage AI for societal advancement and contribute meaningfully to innovative solutions.

🎓 Education

2023 – 2027	B.E in Artificial Intelligence & Machine Learning <i>BMS College of Engineering, Bangalore, India</i>
2021 – 2023	Pre University in Science <i>KLE's Raja Lakhamgouda PU college of Science, Belagavi, India</i>
	Secondary Education <i>Good Shepherd Central School, Belagavi, India</i>

🧠 Skills

Python	C++
Machine Learning	Data Analyst

📜 Certificates

- Supervised Machine Learning by Stanford [🔗](#)
- Python Certification by Google
- Programming in C Certification

📁 Projects

- Bangalore-Housing-price-prediction Model** [🔗](#)
Achieved 90% prediction accuracy using Random Forest and XGBoost algorithms on 2021 dataset.
- Violet-AI** [🔗](#)
Developed tools streamlining generative AI model workflows, enhancing developer efficiency by 30%

🏆 Achievements

Semi-finalist, Eureka Startup Competition (IIT Bombay)
